

THIS IS A VIEW LOOKING UPHILL THROUGH THE NEW FENCED CORRIDOR RECENTLY BUILT FOR THE use of employees of contractors who soon will begin work on remodeling of buildings in the Y-12 Plant Area.

J. B. Sykes To Head Records Department

Four Groups Formed To Handle Functions

Reorganization of the Plant Records Department of Y-12 with James B. Sykes as Supervisor becomes effective today, Wednesday, September 1. The department is a part of the Manufacturing Office Division.

As described by the new supervisor, the Plant Records Department will be composed of four groups. The Central Files Group will be in charge of Pauline Barnhill and will retain its present quarters in Bldg. 9704-2. The Classified Document Accountability Group also will remain in its present location in Bldg. 9704-2 and will be in charge of Martha Parks. Carl Roddy will be in charge of the Engineering Records Group, which will be located in Bldg. 9739. The Records Center Group of the department will be in Bldg. 9204-3 and will be under Tom Stephens.

"Jim" Sykes has been a Carbide employee since June 5, 1945, when he was employed at the K-25 Plant in the Training Department. He later transferred to the Process Division and from there to the Records Department, where he was Assistant Department Head. It was from this post that he has been transferred to Y-12.

Born in McKinnon, Tenn., on June 4, 1918, Sykes is a graduate of Western Carolina Teachers College at Cullowhee, N. C. In a teaching career of several years before coming to work for Carbide he was principal of Erin High School in Houston County, Tenn., and also at Franklin, in Williamson County. He is married and the father of two sons, 10 and seven years old. He and Mrs. Sykes live in Kingston.

ATOM KEEPS BUSY

More than 1,000 firms in the United States and Canada already are using the atom in everyday, routine operations.

Contractors' Employees Will Use New Corridor

The newly erected wire fence corridor leading from the North Portal in a southwesterly direction across First Street into the Y-12 Plant Area is for the use of employees of various contractors who soon will begin work on buildings in the area. These employees will use this corridor to gain access to their work locations, which are separated from the rest of the Y-12 Plant Area by walls or fencing.

Provisions will be made at the First Street crossing to prevent the employees of contractors from turning away from the corridor in either direction and into other parts of the Y-12 Plant Area.

Y-12ers may cross the new corridor at the North Portal and turn either East or West to go to their work locations in the plant. However, Y-12 personnel will not use the new corridor as a walkway as it is reserved entirely for employees of contractors.

The work to be done by the contractors is an extension of the present program of remodeling existing facilities in the Y-12 Plant Area.

APPETIZING ENTREES OFFERED FOR Y-12 SPECIAL LUNCHES

The Y-12 Cafeteria will usher in the month of September with two tasty main dishes for the first two Special Lunches of the month. For the entree on the Special Lunch for tomorrow, Thursday, September 2, macaroni and cheese will be served. On next Tuesday country sausage and spiced peaches will be the main dish. The 50-cent Special Lunch also includes a vegetable, choice of salad or dessert and rolls and butter.

SEPTEMBER 8 PAPER TO BE DAY LATE ACCOUNT OF HOLIDAY

Because of the Labor Day holiday, which is observed by the Knoxville concern that prints the Y-12 Bulletin, the September 8 issue of the newspaper will be delayed one day on that week, being printed on Tuesday instead of Monday as usual. The Bulletin will be placed in the mail on Wednesday morning instead of the usual schedule of Tuesday.

Cafeteria Patrons Like New Plastic Dishes Put In Use

Diners at the Y-12 Cafeteria last Friday were high in their praise of the new plastic dishes put in use to entirely replace the old and heavier chinaware that has been in use for some time. Cooperation of every patron of the Cafeteria is asked to aid in the conservation of the new equipment, obtained for the convenience of patrons and in the interest of better service.

The expensive new plastic ware of light tan coloring includes nine-inch dinner plates, soup bowls, larger coffee cups (eight ounces instead of the old six-ounce cups), pie and salad saucers and ice cream plates. In addition to more pleasing appearance, the new ware is expected to greatly lower the breakage cost in the Cafeteria.

Technical, Scientific Groups Invited To Submit News To The Y-12 Bulletin

The Y-12 Bulletin again extends invitations to all technical and scientific societies and groups in Oak Ridge to submit notices of their meetings to the newspaper for publication during the coming months. This invitation is issued for the convenience of the organizations themselves and their members in the Y-12 Plant so that advance information on meetings, time and place and a summary of the program might be published.

The deadline for such material will be on Thursday afternoon of each week for publication in The Bulletin datelined the following Wednesday. Publicity representatives are asked to keep this deadline in mind and submit their information as early as possible. It is not necessary that the information be put in final news form as only the actual facts—who, what, when and where—need be given The Bulletin.

New Shift Schedule In Y-12 Plant Provides More Long Break Time

September 20 Is Effective Date For Employees On Four Shifts; 40-Hour Week Still Maintained

In a move that will provide more time off during long breaks for Y-12 employees working on shifts, a new shift schedule will be placed into operation in the plant on September 20. Copies of the new shift schedules have been prepared and distributed to all Y-12 employees working on shifts.

The present working schedules for the A, B, C and D Shifts in Y-12 expire on September 19 and employees working on those shifts will immediately begin the new schedules on the following day, Monday, September 20.

Under the new shift schedules, a long break of 104 consecutive hours will be enjoyed once every month by every employee working on shifts. This break will begin on a Friday at 7 a.m. and last until the following Wednesday at 3 p.m. The new schedules still provide for a 40-hour work week for all shift employees.

There will be no change in the working schedules of shifts—7 a.m. to 3 p.m., 3 p.m. to 11 p.m. and 11 p.m. to 7 a.m.

O. R. Music Group Offers Fine Schedule

The Oak Ridge Civic Music Association will launch its musical entertainment season with a "pop" concert and social on September 11. The concert and social will be given in the Oak Ridge High School cafeteria and will provide an opportunity for music lovers to get acquainted with musicians of the city.

On October 13 the Oak Ridge Symphony Orchestra will give its first concert in the civic auditorium in the high school. The American Chamber Orchestra will be in Oak Ridge on October 22. The first Oak Ridge Community Chorus concert of the season will be presented November 10. The Symphony Orchestra will give its second concert December 1 and will be followed by the Randolph Singers on December 8. On January 17, 1955 pianist Paul Badurka-Skoda will appear and the Community Chorus will be heard in concert February 16.

The Barylli String Quartet will be offered February 26, 27 and 28 with a program of Beethoven music. The third Symphony Orchestra concert will be March 9 and the cellist Leonard Rose will appear March 28. A final concert by the Community Chorus will close the season on April 27.

Iowa Man Will Discuss 'Infra-Red Catastrophe'

"The Infra-Red Catastrophe" will be the subject of discussion at the weekly meeting of the Oak Ridge Physics Seminar on Friday afternoon of this week, September 3. The meeting will be held at 3:15 p.m. in the auditorium of Bldg. 4500, Oak Ridge National Laboratory. J. M. Jauch, of the University of Iowa and a summer employee at ORNL, will be the speaker. Y-12 scientific and technical personnel interested in the subject are invited to attend.

Y-12 Again Praised For Fine Safety Mark

Another Service Bar On Way From UCC

Official commendation and notification that another Carbide Safety Period service bar has been awarded the Y-12 Plant has been received by Y-12 Plant Superintendent J. P. Murray from A. F. Tyra, of the Union Carbide and Carbon Corporation Safety Division. The Y-12 Plant Superintendent was notified that the plant's 10th bronze safety service bar has been ordered and will be delivered within a few weeks to add to the nine bars and original Company plaque representing the superlative safety record established here during the past several years.

Dates To Be Inscribed

Inscribed on the bar now being prepared will be the dates of the last Company Safety Period established in Y-12—May 12 to July 11, 1954, and the number of labor hours operated without a lost time accident—1,797,986.

"This bar is the 11th safety award the Y-12 Plant has received from the Corporation during the past five years," Tyra said in his letter. "The total hours worked during the periods when these records were established is 22,795,890 accident-free hours. These hours are equivalent to the time of 1,000 employees working approximately 11 years without a disabling injury. This is indeed a fine safety achievement."

"Congratulations to you and all of the employees of Y-12 for their splendid cooperation and efforts in accident prevention."

Meanwhile orders have been placed for the individual safety awards to be presented Carbide employees in the Y-12 Plant Area who participated in the 10th and 11th Company Safety Periods eligible for them. Details of distribution will be announced later in The Bulletin.

TUESDAY IS SAFEST

According to the American Automobile Association, Tuesday is the safest day of the week to drive. The unsafest is Saturday.

Wife Of Y-12 Man Gets UT Masters Degree

Raising a family of three rapidly growing children and performing the duties of a housewife for a Y-12er in the Beta Four Maintenance Department has not interfered with the continuation of university training for Mrs. Perry E. Ward, who recently obtained a Master of Science Degree in Educational Psychology from the University of Tennessee in Knoxville. Her husband has been a Y-12 employee since October 4, 1951, he first being attached to the Training Department where he remained for about 18 months before being transferred to his present job.

Mrs. Perry Ward

Holds University Post

Mrs. Ward has been office manager of the Tennessee State Testing and Guidance Program at the university for some time and plans to remain in her present position. She graduated from Knox Central High School in 1937 and received her Bachelor of Science degree from the University of Tennessee in 1952.

The Wards were married on July 29, 1939. They have three children—13-year-old Carol in the ninth grade; Jim, 12, in the seventh grade; and Nancy 8, in the fourth grade. They live at 119 Grave Ave., Fountain City.

High Average Maintained

While a student at the university, Mrs. Ward averaged around 4.0 in her grades, the best awarded. She is a member of Phi Kappa Phi, honorary scholarship sorority for students in all fields; and Phi Lambda Theta, honorary educational sorority for women.

Ward graduated from Knoxville High School in 1935 and served in the Marines and Navy during World War II.

Mrs. Ward is the daughter of Mr. and Mrs. George S. Warren, of Nashville.

The following Y-12 employees were patients last week in the Oak Ridge Hospital:

Dennis W. Davis, Beta Four; J. M. Miller, J. J. Campbell, Jr., and E. L. Killian, A Mechanical Operations; Clyde Wade, Beta Four Maintenance; Joseph F. Carpenter, Safety; C. W. Toney, Automotive Equipment Maintenance; R. C. Crawford, W. E. Lamb, R. B. Carter, J. F. McDonald and G. W. Lankford, General Machine Shop; John Henley, B. M. Cox and R. M. Roark, Jr., Electrical Maintenance; J. E. Davey, Alpha Five; F. T. Du-

Labor Day Will Be Last Long Week-End Holiday Of Summer; Safety Precautions Urged Of All Y-12ers In Activities

The third and last long week-end holiday of the summer for Y-12ers will be observed next Monday, September 6, when the Labor Day holiday will be observed in the plant. No Y-12 personnel will be required to work on that day except those required for the protection and continuous operation of the plant.

Picnics, outings, automobile trips, swimming parties, golf and other recreational activities are expected to be enjoyed by the great majority of Y-12ers and members of their families over the long week-end holiday. To assure maximum enjoyment out of these

activities—every Y-12er is urged to remember and observe common sense safety precautions. Being careful instead of careless will insure continued good health and happiness on the part of everyone.

Fishing and hunting expeditions also will be engaged in by many Y-12ers and it is estimated by the Tennessee State Game and Fish Commission that more persons will be outdoors over the holiday period than at any other time during 1954. Fishing success is rising throughout the state and the Labor Day holiday may be the last angling trip for many. The state hunting season on squirrels and doves began on September 1, and Y-12 nimrods are expected to join the thousands of other Tennesseans afield over the coming week end. As a result, all indications point to somewhat congested outdoor conditions and a need for even extra precautions for hunting and water safety.

The idea behind Labor Day,

when it was first suggested in 1882, was to have an annual holiday which would be "representative of the industrial spirit, the great vital force of the nation. The suggestion came from Peter J. McGuire, then president of the United Brotherhood of Carpenters and Joiners, who thought the most desirable date for the holiday would be the first Monday in September, since it came about midway between Independence Day and Thanksgiving Day.

The first Labor Day was celebrated in New York on September 5, 1882 and now is being observed in all states.

Mr. and Mrs. A. P. Holder

HOLDER - DUNCAN

Following a honeymoon trip through the Carolinas, A/lc Albert Phillip Holder and his bride, the former Miss Joyce Andeena Duncan, now are at home in Lake City. The bride is the daughter of Mr. and Mrs. Kermit Larue Duncan, of Lake City, Tenn., her father being with the Salvage Department of the Y-12 Plant.

The groom is the son of Mr. and Mrs. Edward B. Holder, of Candor, N. C. He is stationed with the 663rd AC&W Squadron at Lake City.

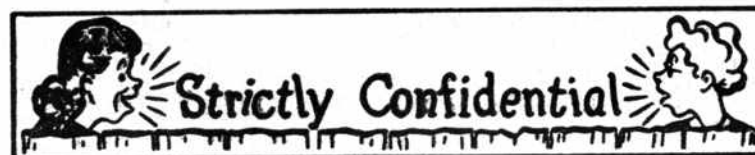

The couple was married at 8:30 p.m., Wednesday, July 14 at the Longfield Baptist Church in Lake City. The Rev. P. T. Lindsay performed the double ring ceremony. Miss Clara Black, of Briceville, was maid of honor. Miss Carole Penelope Duncan, sister of the bride, was ring bearer. The groom had as his best man Emery A. LeBlanc, of Clinton.

CANADIANS MOST TALKATIVE

Americans might be thought to be the talkiest persons on the telephone. However, statistics show that the Canadians are—with 388 phone calls per year per inhabitant, compared to 383 p.y.p.i. for Americans. Strangely, Iceland is third with 360.

Bose, D Mechanical Operations; C. L. Estes, Field Welding; C. J. Mitchell, Field Maintenance; Robert Fuller, Janitors.

Courtesy is the first step toward opportunity.

Daa-de-da—dum. The news you are about to read is true—even the names are right (we hope). This is Friday—the date—not the flatfoot. It is 10:32 a.m.—it checks—now it is 10:35 a.m. There is corn abounding in the plant—the job, gather it and stack it in a colyum. Good trick if it works. We'll put a 4-11-44 on it—search and seize—we gotta have the facts, folks, we gotta have them. Let's dial this number. Any corn around the place, lady? Yes mam, yes mam, yas'm. Oh shucks, she says, it's all strictly corn anyhow—tassle and all. Let's try another number—we got shocks and shocks of 'em. How's the corn crop down your way, sir? (Sich langwidig!) Oh, you don't drink the stuff, eh? Yes sir, no sir, yes sir, no SIR. I don't either. Oh well, we'll turn this over to the Draggin' Department and catch it in a net. Well, why wasn't that thought of before? Daa-de-da—dum. (Curtain).

MAINTENANCE

Planning and Estimating is glad that John Irving is feeling better—he moved to Norris last week (that's no reflection on either past, present or future domiciles) . . . Get-well wishes go to Mary E. Owens, ailing last week . . . Howard Hicks vacationed at home in Knoxville . . . Joyce Williamson has had her tonsils removed . . . C. A. Burchsted has purchased a new home on Red Bud Drive in Clinton.

B. M. Alford, Buildings and Grounds, pens a two-page letter to The Bulletin saying we done him wrong in reporting him a couple of weeks back as being "on vacation, whereabouts unknown." Seems as how B'rer Alford had a busy time on that vacation majoring in various and sundry agricultural pursuits involving tomatoes, beans, et cetera and so forth; of which the deponent is most proud . . . The Bulletin duly notes same . . . Buildings and Grounds and Transportation also reports a flock of vacationers—to wit J. W. Minchey, R. M. Crowe, R. O. Miller, M. L. Elliott, R. E. Brown, S. L. Bryant, G. L. Howard, C. L. Sanders, C. H. Beddingfield, J. A. Burns, W. Hardy, E. H. Erickson, B. A. Price, J. E. Hudgins, C. E. Manis and C. T. Haun.

Field Maintenance folks are getting around quite a bit on vacations . . . A. M. Kirksey is touring the Smoky Mountains, North Georgia and Alabama with a stop in Chattanooga . . . B. R. Kitts headed for Indiana . . . C. G. Treece is over in Nawth C'lina . . . H. L. Brown and B. C. Escue took

off for Middle Tennessee . . . B. L. Pepper is farming at his Dayton, Tenn., domicile . . . New homes are demanding the attention of C. L. Westmoreland (he also has a new daughter) at Harri-man and A. L. Sawyer at Knoxville . . . R. W. Miller also is working on his home in Knoxville . . . Home stayers include B. B. Foster and G. E. Burris in Oak Ridge and R. L. Green at Maryville.

O. O. Bowles, P. C. Hudson and H. F. Neubert, Alloy Development Maintenance, took off for Florida this week . . . C. W. Harpe is in Kentucky . . . J. E. White selected Nashville for a visit . . . Other vacationers include E. L. Stooks-bury, R. H. Clary, D. W. Garland, F. M. Ferguson, B. E. Davis, R. L. Coffee and W. S. Hollingsworth. . . . Melvin Whitehead is host to his mother from Cincinnati . . . All hands enjoyed a watermelon slicing at the home of Dan Kirky at Concord recently.

Electrical Maintenance sends get-well wishes to R. M. Roark, Jr., who is a patient in the Oak Ridge Hospital . . . E. W. Pipes is on a fishing foray for trout.

Thelma King is missed by the Laundry—she's in the Oak Ridge Hospital and receiving get-well wishes . . . Gertrude Scarlett and Reba Duncan are improving from recent illnesses . . . Sympathy is extended C. A. McAlister, whose brother, Harry, died recently in Chicago.

MECHANICAL OPERATIONS

R. D. Ellington is back at work in the Mechanical Operations Division from a vacation spent visiting kinfolks in Georgia and Alabama . . . Frankie DuBose is among the ailing and get-well wishes are speeded.

The General Machine Shop had a wide variety of chit-chat for this week . . . First a warm welcome is extended newcomers O. T. McDaniel and J. B. Fincher . . . Rapid recovery wishes are being sent to J. F. McDonald, in the Oak Ridge Hospital, and C. O. Mathena, E. G. Gardner, W. E. Lamb and R. C. Crawford, who are nursing their "miseries" elsewhere . . . John Epperson is taking his fine saddle horse "Forrest Pride" over to Shelbyville, Tenn., this week to compete in fast company in the National Saddlehorse Celebration. . . . Carp in Ft. Loudoun Lake are sure to live hard this week with George Ferrell and William H. Park vacationing together around that vicinity . . . There's no place like home for some vacationers—F. M. Pugh in Oak Ridge L. I. Orr at Athens, Tenn., W. J.

THE HAMRICKS—BERNICE AND Paschal (he's in Y-12 Employment) shown above—are real proud of their fishing prowess exhibited recently on a Florida vacation. Their piscatorial prey from the Gulf of Mexico around John's Pass, near St. Petersburg, are a pair of succulent red grouper. His weighed 10 1/4 pounds and hers an even 10 lbs.

Grigsby at Kingston, H. E. Parrott at LaFollette and Kathleen Davis at Knoxville . . . Omer Rhea is up around Kingsport hunting and fishing . . . J. B. Lovin is at Fontana . . . W. R. Barwick at Louisville, Ky. . . F. L. Dowling around Gastonia, N. C. . . . J. E. Livingston is in Wilmington, N. C. and Charleston, S. C. enjoying the beaches . . . S. L. Newton went to Alabama . . . K. L. Prewitt traveled to Hamilton see horse racing. . . . W. J. Crabtree went to the mountains—the Ozarks in Arkansas . . . Harold Babb didn't get enough softballing during the Y-12 season so is vacationing at Canton, N. C., where a regional tournament is scheduled . . . J. J. Rupe is in Rossville, Ga. . . . J. E. Hargis is in Carthage, Tenn. . . . Tracy Vann's son, E. G. Vann, is completing his course at the Naval Officers Training School at Bainbridge, Md.

CHEMICAL

Uranium Processing has Herb Oliver and G. L. Taylor vacationing in Virginia . . . L. E. Ramsey is at home in Oak Ridge and Chattanooga this week . . . Charlie Smith is in Middle Tennessee getting acquainted with a new grandson.

C. F. Christie, J. W. Simmons and B. J. McNeely are Chemical Department vacationers of the week.

INDUSTRIAL RELATIONS

Friends and cohorts of Joe Carpenter in the Safety Department and throughout the plant hope that "Uncle Joe" will be back amongst the throng soon following an operation last week at the Oak Ridge Hospital.

Virginia Guettner and Esther Rosenberg, of Medical, are vacationing.

Guard Department vacationers include H. L. Hill, H. H. Neal, R. L. McBee, W. E. Green and J. D. Hopkins.

The Fire Department had G. I. Davis on vacation last week.

Sara Goans, of Security, took her first train ride last week—from Clinton to Florida . . . Ann Thomas, vacationing in Texas, sent the department a box of one of those gooey chocolate pecan mixtures.

Ava (call me "Jackie") Jackson, of Training, was out sick last week and is receiving get-well wishes. . . . Bob Finn is welcomed as a newcomer to the department—and he became ill Friday and likewise gets the rapid-recovery wish treatment.

Edna Kennedy, Wage Standards, and her husband, Ernest Kennedy, Planning and Estimating, are vacationing.

Continued on Page 4

ALTHOUGH THEIR SEASON IS OVER, THIS IS THE FIRST OPPORTUNITY The Bulletin has had to publish a picture of the Y-12 Woodpeckers, the plant's entry in the Oak Ridge Recreation Softball League, the city's Class B circuit. Standing from left are Bill Montgomery, Andrew McWright, Bill Stanton, Manager George Riddle and Bill Hamil. In front are Bill Loveless, Tom Hillard, Bill Belvin, Ed Sise and Bill Dodson. The team made an excellent showing in league play in the recently concluded season. The team is not entered in the Class B tournament, but many of the players are performing with Y-12 Plant League teams in the event.

Y-12 Plant League ADP And 49ers Survive Opening Games In Ridge Class B Tourney

The ADP team of the Y-12 Plant Softball League with two wins and the 49ers with one victory remained in the running for the championship of the Oak Ridge Class B Softball Tournament in play through last Friday night. Six other Y-12 league teams were eliminated in the "sudden death" single elimination event.

Here are the results of games engaged in by Y-12 teams:

Y-12 Steamers 6, Oak Ridge National Laboratory Health Physics 5.

Y-12 ADP 22, K-25 A Bombers 14.

Y-12 Engineers 7, K-25 Engineers 24.

Y-12 Guards 3, K-25 Bat Boys 11.

Y-12 49ers 9, Community Church 1.

Y-12 ADP 9, K-25 Has Beens 2.

Y-12 B Bombers 0, Lions Club 4.

Y-12 Maintenance 13, K-25 C Shift 14.

Power Squadron Offers Free Classes

For the many Y-12ers interested in instruction on boating—the Oak Ridge Power Squadron will again hold its free classes on various phases of piloting and boat handling. The classes will start September 23 and will be held each week thereafter on Thursday, from 7:30 to 9 p.m. in Room 129, at the Oak Ridge High School.

G. S. Angele, of Chemical and Industrial Engineering, plant telephone 7268; and J. J. Kurtz, plant telephone 7-8221, are among the instructors listed for the classes.

Many Subjects Offered

Subjects offered in the piloting classes include equipment, rules of the road, seamanship, safety at sea, the compass, aids to navigation, charts and piloting, manners and customs.

Further information on the classes may be obtained from either Angele or Kurtz.

Y-12 Orioles Win Forfeit Victory

The Y-12 Orioles in the Oak Ridge City Slo Pitch League finished their season last week with a forfeit victory over the Oak Ridge Hospital team. Manager Andy Anderson and his band of softballers now are looking forward to the city slo pitch tournament which starts tonight, Wednesday, September 1 with the Y-12ers playing the Hospital combine at 6:30 o'clock on Midtown No. 1 Field.

Drive carefully—as if your life depended on it.

Y-12 Bowling Loops Still Have Openings

B Pin League All Set For Action Tomorrow

There are still several spots open in the D, C and Mixed Bowling Leagues, according to reports from the Y-12 Recreation Office. Any team interested in joining either of the three leagues or any individual wishing to bowl in any of the leagues are urged to communicate with the Recreation Office, Room 207, Bldg. 9704-2, telephone 7753.

Bowling has always been one of the top participation sports during the winter season with the plant leagues being highly enjoyable to all. The Recreation Office is hoping for a successful season this year and is going all out to achieve this goal.

One league, the B, is all set and ready to start bowling tomorrow night, Thursday, September 2, at 6 o'clock at the Oak Terrace Alleys. The league will be composed of 12 teams again this season and the competition for the loop championship is expected to be keen.

Teams entered in the B League this season are, Bumpers, Bldg. 9211, Has Beens, Rebels, Cubs, Rippers, All Stars, Tigers, Wolves, Wasps, Swingsters, and ADP.

Rodeo Ticket Sales Continue Rapidly

Tickets still are on sale for the third and last Y-12 Fishing Rodeo of the year with the deadline set for noon Tuesday, September 13. The rodeo started Sunday, August 29, and will continue through midnight Sunday, October 10.

Tickets may be obtained from the Recreation Office, Room 207, Bldg. 9704-2, telephone 7753; Russell Hopper, Bldg. 9709, telephone 7444; Nelson Tibbatts, Bldg. 9712, telephone 7433; Ross Eichorn, Property Sales Warehouse on River Road near Elza Gate, telephone 4601; Evan Means, Bldg. 9737, telephone 7731; Avery Kendig, Bldg. 9201-3, telephone 7539; Joe Smyrl, Bldg. 9204-4, telephone 7-8256; Loren Lawhorn, Bldg. 9769, telephone 7-9605; Carl Frazier, Bldg. 9204-4, telephone 7531; Mavis Koons, Bldg. 9212, telephone 7-8451; and Dick Braatz, Bldg. 9212, telephone 7154.

First, second and third prizes will be given in the eligible species which include smallmouth, largemouth and striped bass, walleye, sauger, crappie, bream and trout. Each contestant must be an employee at Y-12 or a member of his or her immediate family (wife, husband or child). The fish must be caught in Tennessee waters and taken on a rod or cane pole and line. No contestant may receive more than one award in any one division. In case of ties, length and girth, in that order will be used to determine the winner.

Art Hines Loses In Overtime Match

Kentucky's red-headed gift to Y-12 golfing circles—Art Hines—pushed Red McMillan, of Oak Ridge, to two extra holes before bowing in the amateur division of the Oak Ridge Invitational Golf Tournament Sunday. Hines, McMillan and Palo O'Neal, another Y-12er who won the Oak Ridge Country Club tournament the previous week, were tied at 141 at the end of 36 holes. O'Neal dropped out at the first extra hole with a par as Hines and McMillan both birdied. The eventual winner parred the deciding hole while Hines was one over to lose the tough decision. As runner-up in the tournament Hines received a one-week, all expenses paid trip to Florida.

Y-12 SPORTS

Seivers, Simmons Selected On State Tournament Team

Although the Y-12 men's varsity softball team bowed out of the state tournament last week, two members of the team, James "Jiggs" Seivers and Walter Simmons made the All-State team.

Jiggs Seivers

Walt Simmons

Seivers is a catcher while Simmons plays left field for the Cardinals.

Both are veteran members of the Y-12 team and helped the Cards run up an impressive record this season of 27 wins and 10 losses.

Seivers blasted two triples, one double and six singles which drove in six runs during the tournament.

Simmons smacked a double, single and drew one walk, driving in one run for his part in the event.

The All-State selections were made by tournament officials and sports writers covering the tournament.

Here are the statistics on Seivers and Simmons during the state tournament which was concluded in Oak Ridge on August 23.

Name	AB	Runs	Hits	Pct.
Seivers	17	4	9	.529
Simmons	15	1	2	.133

Name	AB	Hits	Avg.
James Seivers	76	31	.407
Morris Perry	27	8	.296
Gene Huskisson	94	27	.287
Walter Sherrod	49	14	.287
Robert Loy	93	26	.279
Howard Montgomery	71	17	.239
Dan Stroud	27	6	.222
Walter Simmons	84	18	.214
Walter Lovell	32	6	.187
Bill Wilburn	39	7	.179
Ralph Pearson	39	7	.179
Dick Wyrick	77	13	.168
Tom Headrick	19	3	.157
Ray Caton	85	12	.141
Tom Perry	94	12	.127

Varsity Pin Teams Ready For Action

Both Y-12 varsity bowling teams, women and men, are set and ready to start pin action in the Oak Ridge City Bowling Leagues.

The women will have six members on their squad, including Doris Walton, Ruby O'Kain, Mavis Koons, who will serve as captain of the team, Juanita Reed, Betty Whitehorn and Dot Park. The Y-12 lassies will open defense of their city league championship on Thursday, September 2, at 8 p.m. against AECEA at the Oak Terrace alleys.

Meanwhile the Y-12 men also have a strong group lined up to give a terrific fight for the city league crown. On the Y-12 team this year will be Jack Spears, Frank Gragg, Joe Pryson, J. D. Brown, Frank Zupan and Ernie Cobble, captain of the team. The Y-12ers will open the season on Monday, September 13, at the Oak Terrace alleys.

Atlanta Lassies Oust Robins In Tourney

Ladies Real Tough; Y-12ers Beat 'Bamans

The Y-12 Robins will be most happy if they never see the likes of the Loreli Ladies, Atlanta's championship women's softball team, again anywhere. The Georgia lassies licked the Y-12ers twice in the Southern Regional Women's Softball Tournament in Knoxville to eliminate the Robins from the meet.

Koontz Blanks Birmingham

The scores were 12 to 3 in a Sunday encounter and 8 to 2 last Thursday night. Meanwhile, the Robins sandwiched in a 3 to 0 victory over Birmingham Saturday that kept them in the event another day. In this tussle Ella Mae Koontz hurled a three-hitter as Kay Pressley and Ruby O'Kain led the Y-12 attack. The Robins got out in front with two runs in the first round and were never in danger.

The Loreli Ladies were just too powerful for the Robins and took advantage of several Y-12 miscues to keep the door shut on the Y-12 women.

The Robins made their debut in the women's Southern Regional Softball Tournament by losing to the Loreli Ladies, defending champs of the tourney, by 8 to 2 in a hard-fought tussle.

Robin Errors Costly

The Robins gave a good account for themselves except for committing six errors which led to a big five-run third inning for the women from Atlanta. Ella Mae Koontz was on the hill for the Robins and pitched a commendable game by giving up seven hits, walking one and striking out three opposing batters. Priscilla Savage, Robin third sacker, belted a home run in the fifth inning and collected a single in the sixth to become the batting star for the Y-12 lassies. Helen Brown, brilliant second baseman, got the other Y-12 hit, a single in the fourth inning.

The Loreli Ladies got their five runs in the third on four base hits, two doubles and two singles, a hit batsman and two errors. Durham, Loreli catcher, led the winners with three for three, two singles and a double.

Line scores follow:

Team	R	H	E
Robins	200	001	0—3 7 2
Birmingham	000	000	0—0 3 1
Koontz and Roberts. Lee and Jones.			
Robins	000	020	1—3 5 4
Loreli	610	203	x—12 8 3
Koontz and Roberts. Elliott and Durham.			
Robins	000	110	0—2 3 6
Loreli	105	101	x—8 7 1
Koontz and Roberts. Lewis and Durham.			

Rippers Keep Pace In Plant Golf Loop

The Rippers continued a terrific pace in the Y-12 Plant Golf League last week at the Oak Ridge Golf and Country Club by taking 11 points from the Rough Riders. The improving Gophers marched to second place by trimming the Chippers by 13 to 3. Other action saw the Hooks enjoying an off day while the Fat Boys and Grand Slammers fought to an eight-point deadlock.

Palo O'Neal, of the Gophers, walked off with individual honors by shooting a fine 35 with four handicap for a net score of 31.

The schedule for Wednesday, September 1, finds the Gophers vs Rough Riders, Plugs vs Grand Slammers, Rippers vs Fat Boys and Hooks vs Chippers.

League standing follows:

Team	W	L
Rippers	47	17
Gophers	39	25
Rough Riders	35	29
Chippers	31	33
Hooks	30	34
Fat Boys	34	46
Grand Slammers	28	52

cationing this week in Cincinnati where they took their son to enter the University of Cincinnati.

Rosemary Langsjoen, of Insurance, received best wishes for the future from departmental and other friends last Friday when she resigned to join her husband, **Ralph**, a former Y-12er, in their old home in Minnesota. He was with ADP Development and left in June to resume his studies at the University of Minnesota Medical School in training to become a physician. **Harry Young**, whose chore it is to keep an eye on ailing Y-12 folks, found himself on the ailing side of the situation last week—but was back Friday.

ALLOY

The division welcomes back **A. G. Harber** and **J. E. Irwin**, who have just finished two weeks of National Guard training at Camp McClellan, Ala. . . . A different kind of welcome was given **Anne Strunk**, who has been ill. . . . More cigars and another proud papa—**Joe Smyrl**, whose little Janet was born August 19. . . . The division extends sincere sympathy to **Dave Jennings**, whose father died August 24. . . . Vacationers include **D. W. Coffee** at Marineland, Fla., (a beauty spot of the Sunshine State) . . . **C. E. Irwin** in Kentucky. . . . **E. H. Russell** in Cincinnati and Dayton, Ohio. . . . **Jo Ann Baker** in Georgia and Alabama and having a big time. . . . **H. A. Griffin** accompanied John Epperson (see Mechanical Operations news) to Shelbyville, Tenn., for that big horse affair. . . . The former **Betty Jo Cochran**, who married **Bill Griffith**, formerly with the Technical Division, is vacationing and honeymooning in the Middle West. . . . The division wishes them the best of luck. . . . **G. N. Bennett** is vacationing at Ft. Lauderdale, Fla., another beauty spot.

TECHNICAL

Walt Gary, Project Design, is a vacationer. . . . **H. R. Black** is doing likewise in Florida. . . . **Bert Schappel** is vacationing - honeymooning at the same time—congratulations.

Chemical and Industrial Engineering had **Peggy Cowan** vacationing last week around Watts Bar Lake. . . . **Floyd Downs** went down to Atlanta. . . . **Byron North** visited in Ohio and Washington, D. C.

Guy Wells, Production Analysis, vacationed in Atlanta. . . . **Al Ste-**

**Surplus Property Sales
Set For September 11, 25**

The popular surplus property sales at the Carbide warehouse on the River Road near the Elza Gate will be conducted on Saturday, September 11 and again on Saturday, September 25. Sale hours will be from 8 a.m. until noon. A wide variety of surplus property and salvaged material may be obtained at these twice-monthly sales, which have been well patronized Y-12ers and other Oak Ridge residents in the past.

phens spent his rest at home. . . . **Ruth Jones** and **Dow Brown** didn't report their vacation destinations. **Harry France** and **N. A. Stalko**, of SDA Development, are vacationers.

MANUFACTURING OFFICE

The Manufacturing Office Department is congratulating **S. K. Reed** over his new parenthood—he became the father of a son, **Phillip O. Reed**, born August 21 and weighing seven pounds, six ounces. . . . **Athala Markland** is vacationing this week in West Tennessee. . . . **Barbara Mills** had her tonsils removed last week in Knoxville.

Property reports **Bill Hoppe** vacationing in Chicago. . . . **H. I. Estey** in Oak Ridge.

A. J. Simmons, Stores, is two-weeking in Washington, D.C. . . . **C. E. Fritts** is at home in Clinton. . . . **A. V. Bible** is still closer, at home in Oak Ridge.

Violet Sanford, of Technical Information, is a Daytona Beach, Fla., vacationer.

Briscoe Ivy, Receiving and Shipping, is vacationing around Knoxville. . . . **R. H. Stooksbury** also is vacationing somewhere. . . . A quick recovery is wished for **J. A. Duncan**, out ill last week.

Sympathy is extended by the division and other friends of **Audrey Baldwin**, formerly of the Y-12 Cashier's Office, whose mother, Mrs. Cora Sissom, died recently.

At long last—the dog sled came draggin' in from Property Sales with news that **J. W. Stevison** has learned the hard way what the "Irish Whip" is—he is going to buy a TV set and keep up to date on the new rasslin' holds. . . . Meanwhile the department tag team match was called off again—originally **Stevison** and **Nichols** were going to battle **Hatmaker** and **Hammon** but while Steve was getting private instructions his arm got unlocked at the elbow then **Hammon** misplaced his uppers and won't rattle without them as he specializes in an "Oliver Springs Secret Nip" hold—something like the Togo "Sleep Inducer." No date is set until all are well. . . . **Syd Liles'** green auto looks better since he removed the special carbon dust applied by carbon specialists. . . . **C. D. Borum** and **W. E. Powell** also have had carbon trouble—they picked up quite a dark tan in handling carbon dust and can't recommend it as a beauty treatment. . . . **Mel Hudson's** run of misfortune continues—her hubby still recuperating from an illness—her "least" son breaking a collar bone—her own hospitalization for a survey of her troubles—then to top it off her daughter gets the new car accordion-pleated fore and aft. . . . It's always darkest before the sun and best wishes for a quick return. . . . **U. Hicks'** wife escaped serious injury in a fall down stairs—the department hopes she gets home soon. . . . **Charley "No Catch Fish" Butler** is quiet these days—spent a whole week fishing with one baby carp to show. . . . **W. A. Hudson** is looking architecturish these days while his new residence is a-building near Lake City on the Hudson estate.

Well—Ol' Corny will be draggin' out of here before the man with the net shows up—so long 'till next week.

**10 Years Service**

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days—

Joseph H. Brown, General Machine Shop, September 2.

Luke R. Stansberry, Guard, September 2.

Margaret F. Johnson, Mail, September 4.

James E. Livingston, General Machine Shop, September 4.

Everett W. Forbes, C Mechanical Operations, September 4.

Karl W. Merener, Janitors, September 4.

Bart Slover, Stores, September 5.

Burriss N. Strunk, Tool, September 5.

Charles W. Sweeten, Janitors, September 6.

Anderson H. Inman, Office Services, September 7.

PALO O'NEAL WINS

Palo O'Neal, of Buildings and Grounds, and one of the finest golfers in the East Tennessee area, won the Oak Ridge Golf and Country Club tournament recently by defeating **Red McMillan**. O'Neal shot a sizzling 73, one over par, to win the championship.

**12 More Y-12ers Promoted To Supervision;
Seven Foremen, Five Assistants Are Named**

Promotion of 12 more Y-12ers from the hourly roll to supervisory positions effective September 1, has been announced. Of this group, 11 are in the Maintenance Division and the other is in the Chemical Division.

Among the promotions, seven were to the rank of foremen and the other five were advanced to assistant foremen.

The list of men promoted, their employment dates, departments, divisions and their new positions follow:

James E. Miner, July 24, 1948, from chemical operator in the Chemical Department, Chemical Division, to assistant process foreman.

James C. Knisley, January 4, 1954, from outside machinist in the Beta Two Maintenance Department, Maintenance Division, to assistant foreman.

John P. Jones, October 29, 1946, from instrument mechanic in the Beta Two Maintenance Department, Maintenance Division, to assistant foreman.

Charles E. Gaut, June 13, 1950, from electrician in the Beta Two Maintenance Department, Maintenance Division, to assistant foreman.

Melvin Bundrick, February 16, 1953, from pipefitter in the Alpha

Five Maintenance Department, Maintenance Division, to foreman.

Melvin J. Talley, January 11, 1954, from pipefitter in the Alpha Five Maintenance Department, Maintenance Division, to foreman.

Harry B. Pruden, April 13, 1954, from electrician in the Electrical Maintenance Department, Maintenance Division, to foreman.

John G. Scogin, February 5, 1951, from instrument mechanic in the Electrical Maintenance Department, Maintenance Division, to foreman.

William C. Brewer, June 29, 1953, from instrument mechanic in the Beta Four Maintenance Department, Maintenance Division, to foreman.

Ulysses H. Ingle, May 15, 1951, from instrument mechanic in the Beta Four Maintenance Department, Maintenance Division, to foreman.

David Price, June 11, 1952, from outside machinist in the Alloy Development Department, Maintenance Division, to foreman.

Kenneth E. Prater, August 27, 1951, from development mechanic in the Research Services Department, Maintenance Division, to assistant foreman.
